Dear James,

I enjoyed this time with you so much.  
every bit of it.

now, I can go to sleep with my mind full of shining stars  
(coops... that sounds like a happy love song...).

Bjorn was pretty insisting.  
he checked my office.  
he tried to call me in my flat.  
he was in caffee barinn.  
and he is taying so to say next door to my flat.  
weird.

I would love to see you again tomorrow and the day after tomorrow and the day after.

don't really know how to do it. this bloody german will stick to my ass.

we should **kill them all**.

anyway, we will find a way, if you agree.

kiss kiss bang bang,

jocelyn
